

**Canada Life****PRODUCT UPDATE**

Retirement Advantage are re-branding to Canada Life as of Monday 1st October

Canada Life has operated in the United Kingdom since 1903, and today offer a wide range of services including unit linked bonds, OEICs, wealth management, group insurance and IHT planning. Canada Life is itself part of Great-West Lifeco, with over 30 million customers worldwide and £820 billion in assets under administration. Canada Life's financial strength is rated AA by the leading credit agencies, and their high standard of service has been recognised by Financial Adviser's 5 star service award.

Canada Life will incorporate a range of innovative Buy-to-Let mortgage products, which sit outside of the lifetime mortgage definition. Canada Life are still committed to the equity release sector, but they are also dedicated to product development across the later life sector.

Important information

Log in details for their KFI generator and online application system will not change. You can continue to log on to the systems, 24/7.

Canada Life will continue to accept Retirement Advantage branded application forms until 31st October. The branding of KFIs, Offers and literature for pipeline cases will be updated as they progress through our systems, and no action is required from advisers.
