

Product Updates

On Wednesday 24 April at 6pm L&G reduced their interest rates by up to 0.11% on some of their lifetime mortgages. There is no change to the interest rates on their Premier Black and Pink product variants.

Pink and Orange product variants

From 6pm on Wednesday 24 April both their Pink and Orange product variants will have the same interest rate. The Orange product variant should only be recommended if your client needs a higher release. Any future drawdowns on the Orange product variants will be at the prevailing rate and could be higher than Pink in the future.

Pipeline cases

If you have not yet submitted an application, the easiest way for you to take advantage of these new interest rates and LTVs is to generate a new KFI.

If you have submitted an application but have not yet received an offer, and these new interest rates are lower, you don't need to do anything. L&G will automatically offer on these new rates for acceptable cases.

If you've already received an offer and would like L&G to re-offer on one of these new rates, please follow their new re-offer process. Just follow these steps:

1. Generate a new KFI for your client;
2. Log into [Apply Online](#);
3. Find the existing application;
4. Click the status of the application;
5. Click request a new offer;
6. Give L&G the new KFI number – and L&G will do the rest

Have any questions?

Send L&G an [email](#): Please remember not to send any personal, financial or banking information because email is not a secure method of communication.

Call L&G's dedicated support team: 03330 048444 between 8.30am to 5.30pm, Monday to Friday. Call charges will vary. L&G may record and monitor calls.
